NURSERY SIX MILES NORTHEAST OF SPOKANE, ON NORTH SIDE OF RIVER, THREE-FOURTHS
MILE ABOVE WATER-WORKS. P. O. BOX 1722. TEL. GLENWOOD 792

To Our Customers

Please Read Carefully

GUARANTEE OF GENUINENESS.

Genuineness is our specialty, and we exercise the GREATEST CARE to have all stock true to name, and it is mutually agreed between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally paid for the stock that may prove untrue, or we will give two trees for every one that is wrongly named.

ROOTS.

Our trees have the best roots to be found anywhere, and are whole roots. This is very important, and makes our trees worth much more than the general run of nursery stock from other nurseries. Our trees and shrubs are grown and acclimated here and are much better than stock shipped from abroad.

TERMS.

Cash with orders. Send money by Registered Letter, Money Order, Bank Draft or Express. No stock sent C. O. D. We will book orders ahead if half cash is sent with the order, balance to be sent when stock is ready for shipment. Send money orders on Spokane.

SHIPPING DIRECTIONS.

Be sure to give plain shipping directions and sign your name plainly. All trees, etc., delivered free to any part of the City of Spokane, or railroad depot at Spokane. Except in the City of Spokane, orders must amount to \$3.00 or more to insure prompt delivery. Smaller orders may be delivered if convenient and in the vicinity of other deliveries.

NO INSECT PESTS.

Our stock is all free from insect pests; no San Jose Scale; no Woolly Aphis or other dangerous pests.

SUBSTITUTES.

Sometimes we may be out of the kinds ordered, and in such cases we request our customers to state in their order whether to fill the order with other kinds or not. **We never substitute without orders.**

EXTENT OF OUR GUARANTEE.

After stock leaves our hands our liability ceases. When we fill an order the trees are dug fresh from the ground, in good health, and carefully packed; but there are so many things which may cause a tree to fail which are entirely out of our control and not our fault, that we cannot give any guarantee that the trees will live, but we do guarantee our stock to be in good condition when it leaves our hands.

PLANTING DIRECTIONS.

Dig a hole larger than the roots, pulverize the soil well, and shake it from the shovel thinly and evenly. See that the roots are carefully spread out and straight, and be sure that all roots have a good earth contact. Cut off all smashed or badly damaged roots, above the damaged place. Cut back the tops one-half to two-thirds. If possible, use a half pail or more of water to wash the earth perfectly among the roots while filling in and finish at the top with ordinary dry soil or mulch to prevent baking. Do not plant more than three inches deeper than the tree stood in the nursery. Cultivate or harrow your orchard every two weeks from early spring until September 1.

Do not take a large number of trees to the field for planting and let them lay exposed to wind or sun. It is best to heel the trees in the earth (that is to cover the roots) near where they are to be planted, and when you plant take out only a few at a time.

ORDER EARLY

“The early bird gets the worm.” “The first come the first served.” Orders are booked as they are received. If possible, send your orders now. Don't wait until spring and get delayed in the rush. We often run short of stock before the season closes, and then many orders can only be partly filled. Always say whether we can substitute or not.

FREIGHT CHARGES.

The ordinary freight charges on fruit trees are from 1 to 2 cents per tree for distances up to 150 miles from Spokane. Nearer by will be less, farther away a little more. Small bundles not weighing over 50 or 75 pounds should be sent by express, which costs but little more than freight.

We do not prepay freight except where freight money is sent with order to pay the charges. In towns where there is no freight agent, freight money should always be sent with order.

INSPECTION.

Much damage is often done to nursery stock as a result of inspection. Bundles are opened and often are tied together again so poorly that the roots are exposed to sun and air, and hauled many miles in this condition. In such cases the best trees ever grown cannot be expected to succeed well. It often means the death of the stock and we cannot be blamed for trees failing to grow that have been thus treated.

VERY IMPORTANT

Most nurserymen cut their buds and grafts helter-skelter—from nursery rows and poor and good-bearing trees, just as it happens. What would you think of a breeder of fine horses or cattle who would turn a whole herd of stock together—good, poor and medium—and then offer their stock to you as thoroughbreds? Dan Patch, the famous race horse, did not come by accident, but is the result of careful breeding from the fastest of the fast horses for many generations. It is the same in fruits as it is in horses or cattle. If you breed from a poor tree, the chances are great that the results will be poor. If from a tree that bears plenty of large, fine fruit, then you will have an orchard that will be a mortgage lifter. We have in our own orchards nearly all varieties we offer, and watch and mark the best bearers, and cut our buds and grafts from them. We can point to young orchards that we furnished with trees, planted at the same time and age as trees from other nurseries. Ours are bearing and vigorous, the others are not.

APPLES

Summer and Autumn Varieties

DUCHESS—The best late summer apple, large, striped red, very hardy, great bearer.

FALL PIPPIN—A very large and excellent fall and early winter apple. Color greenish yellow.

RED JUNE—An excellent summer table apple; beautiful red. Ripens from August to September.

TRANSCENDANT CRAB—The best crab ever introduced. August to September.

WEALTHY—In Montana this is one of the best winter apples, very hardy, a great bearer, rich red, juicy and fine. October to December.

RED ASTRACHAN—Large, beautiful deep red, good cooker, and very hardy. Season August.

JEFFERIES—An excellent and beautiful apple. Good size, striped red and

yellow, splendid quality. Season, October to November.

YELLOW TRANSPARENT—Medium size, color creamy white, fine quality, very early.

 ❖ **Consider the Roots**—It matters ❖
 ❖ not how good the top of a tree ❖
 ❖ or shrub may be, if it has a poor ❖
 ❖ root it is worthless. Our trees ❖
 ❖ and shrubs have roots that can ❖
 ❖ not be equalled. ❖

dark red, handsome and a long keeper, good quality. Season, March to April. None to offer this spring.

BALDWIN—Excellent, large, red, an old stand-by. January to March.

BAILEY SWEET—The most beautiful sweet apple grown. Large, rich, deep red; excellent quality. Season, November to January.

ESOPUS SPITZENBURG—Excellent but a moderate bearer; an apple of the highest quality and always commands the highest market price. February to March.

ROME BEAUTY.

GRAVENSTEIN—The best apple of its season, and is not surpassed by any apple of any season. Beautiful yellow and red. Season, September and October.

MAIDEN'S BLUSH—Good size, yellow with red cheek, beautiful and excellent. Season, September.

Winter Varieties

ARKANSAS BLACK—Large, very

FAMUSE (Snow)—Very fine, medium size, beautiful red; one of the best eating apples. October to December.

RHODE ISLAND GREENING—Superb; succeeds well almost everywhere; strong grower and great bearer; large. January to March.

HOOVER—A very beautiful dark red winter apple. A good seller, good keeper and good quality.

GRIMES GOLDEN—Good size, yellow,

of highest quality, and very productive. January to April.

JONATHAN—One of the best; good keeper, great bearer and splendid market apple, medium size, crisp, juicy, extra quality, color bright, rich red, great bearer, but fruit must be thinned to obtain good size. December to January.

KING—One of the largest and most beautiful apples ever produced; rich red and yellow, excellent quality. November to January.

McINTOSH RED—Large, bright red; sub-acid; very good and handsome; vigorous and hardy. November to February.

NORTHERN SPY—Very fine, an old favorite for home use and in many places a great market apple; large size; color red and green. December to March.

OPALESCENT—Claimed by its introducers and all ways considered the apple without an equal. Large size, beautiful red, takes a high polish, excellent quality, long keeper, great bearer, and very hardy. What more could be desired? We advise all to try it. Stock scarce. Only one tree will be sold in each order. Price, 50 cents each.

POUND SWEET—An old, well-known and superb sweet apple. The kind that our grandfathers used to grow. Large, yellow and very sweet. Season, November to March.

ROME BEAUTY—Probably the most popular market apple in the Inland Empire, and is being extensively planted; very large, beautiful and good; color beautiful rich red; keeps till March or April. (See cut.)

SPOKANE BEAUTY—A new apple of immense size, originated near Walla Walla; color yellow, mostly covered with red; good quality, good keeper and good bearer.

SWEET BELLFLOWER (Delicious)—A fine new apple of Bellflower type. Color red; flavor sweet and of very high quality. Season, December to May. Scarce.

WAGENER—Another market "crackerjack," early and abundant bearer, high quality, long keeper, large size, red and yellow. January to April. Wagener stock nearly gone. Not more than 10 will be sold to same person. Next fall will have a large stock of this famous apple.

WINTER BANANA—A vigorous grower and early bearer. Fruit large and handsome, creamy white with beautiful red cheek and of best quality. Season, January to March.

 *
 * Dear Sir: *
 * I put out some of your trees *
 * last spring. Haven't lost a tree *
 * so far. They had the best roots *
 * of any trees I ever saw. *
 * Yours truly, *
 * S. E. FORD. *
 *

WOLF RIVER—Very large; color beautiful red. One of the greatest show apples. Every one should have a tree or two. Season, October to January.

WISMER'S DESSERT—A new apple from Canada. Said to be the best table apple ever produced. Good size, handsome color, great bearer, and very hardy. Season, January to March.

WINESAP—One of the greatest market apples grown along the Columbia river and its tributaries. Large, deep red, fine quality, long keeper, and great bearer. It seldom does well on altitudes above 1500 feet in the Inland Empire. Season, January to April.

YELLOW NEWTOWN or ALBEMARLE PIPPIN—Best long-keeping winter apple, but will flourish only in certain districts and soils. It attains great perfection in many localities in the Inland Empire. It ranks among the highest in quality and commands the highest price in foreign markets. It retains its high quality, even into summer.

YELLOW BELLFLOWER—An old, well-known and excellent apple. Large, yellow, fine quality. Season, November to January.

PRICES OF APPLE TREES

	Per	
Two years old	Each.	100.
First size—5 to 6 ft.....	\$.20	\$18.00
Second size—4 to 5 ft.....	.18	15.00
Third size—3 to 4 ft.....	.15	12.00
One year—2½ to 3 ft.....	.15	15.00
25 or more of a kind will be sold at 100 rates.		

Note—Our stock of Wagener, Rome Beauty, Jonathan, Delicious and Grimes Golden are all sold, and we cannot fill orders for these varieties until next fall, 1910.

If you will allow us to select varieties, we can generally give you better results than from your own selection. Just tell us about your soil, moisture, severity of winter, and if possible your elevation above the sea; then we can judge well. Also whether on a hill or hollow.

PEARS

- ANJOU**—Probably the best pear in cultivation. November to January.
- BARTLETT**—One of the best-known and popular pears. September.
- FLEMISH BEAUTY**—One of the most beautiful of all pears, good quality, large, good bearer. October.
- SECKEL**—An old, well-known pear of small size. It is still regarded as the most delicious pear in cultivation.

Most all pear trees have poor roots; but ours have exceptionally good ones, and will live and thrive where others fail.

PRICES OF PEAR TREES

First Class—Two Year

6 to 7 ft.....	50c each
5 to 6 ft.....	40c each
4 to 5 ft.....	30c each
3 to 4 ft., 1 year.....	20c each

CHERRIES

Sweet Varieties

- BING**—Very large, black, excellent quality. Season medium.
- LAMBERT**—Of largest size and best quality; color black; very firm; good shipper. Late.
- ROYAL ANN**—The largest light-colored sweet cherry; yellow and red; very popular and good.

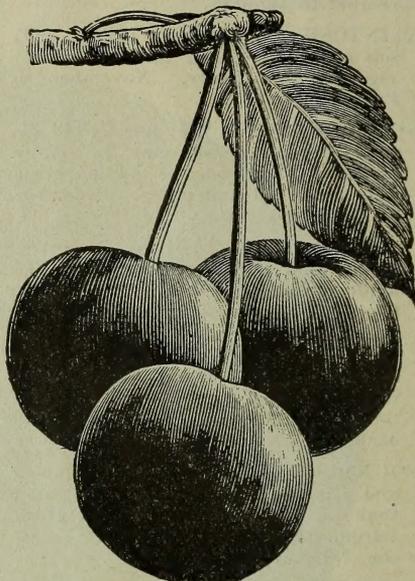

Sour Varieties

- LATE DUKE**—The best late red cherry; large and delicious; fine for pies and canning.
- MAY DUKE**—The best early red cher-

ry; great bearer; much used for pies and canning.

MONTMORENCY—The best red sour cherry of its season; 10 days later than May Duke. Very hardy and productive; far ahead of Early Richmond, being much larger and better. Every home should have it.

OSTHEIMER—A very late dark red cherry, similar in flavor to Eng. Morello. It is the hardiest in tree and fruit bud, and also the greatest bearer we have ever seen.

A few Royal Ann, Lambert, Montmorency and Ostheimer 2 years old at 50 cents to \$1 each, according to size and quality.

PEACHES

ALEXANDER—The most popular of all early peaches; very hardy and prolific; clingstone; color mostly covered

ALEXANDER

with red; every one should have it. Season, August 1.

ELBERTA—Very large, yellow, with red cheek; a great market peach; freestone. September.

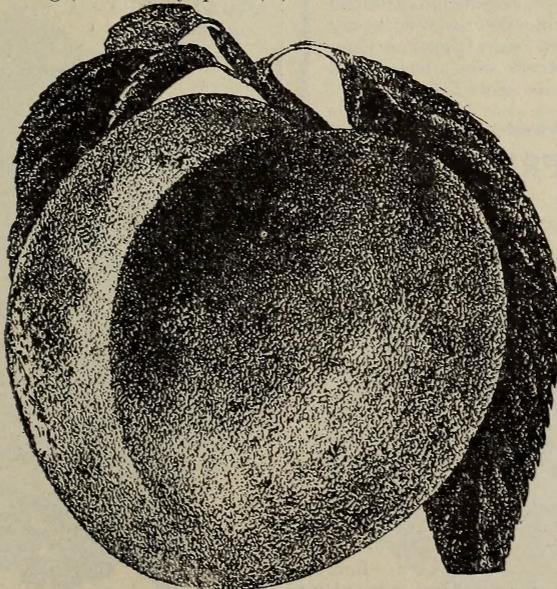

EARLY CRAWFORD—Probably the most popular peach in cultivation; of large size; red and yellow; freestone; of high quality. Season, September 15.

TRIUMPH—A large, fine early peach;

beautiful deep red; free when fully ripe; hardy and great bearer. July and August.

TRIUMPH PEACH

PLUMS AND PRUNES

PEACH PLUM—Large, early, red; one of the very best. July and August.

ITALIAN PRUNE—A sweet, excellent fruit; should be in every collection; large, dark purple. September. This is the best all-around prune in general cultivation.

HUNGARIAN PRUNE—Very large, dark red, juicy and fine.

YELLOW EGG—A very large, egg-shaped plum of fine quality. September.

BRADSHAW—Very large, purple; ripe between peach and egg plums; fine quality.

CLIMAX—A splendid large early Jap. plum, by Luther Burbank; beautiful red and yellow color.

SATSUDA—A very good Japanese plum, with blood-red meat and dark red skin.

PRICE OF PLUMS AND PRUNES

	Each.
3 to 4 ft.....	15c
4 to 5 ft.....	20c
5 to 6 ft.....	30c
A few extra large prunes and plums, 6 to 7 feet high, with large top and body. Each.....	50c to \$1.00

IMPORTANT

We are often asked whether peaches are successful in this locality. In answer we will say that we grow more peaches than any other fruit, and have had seven crops in ten years.

APRICOTS

SUPERB—This variety excels in quality as well as in hardiness and productiveness. It has large, beautifully colored fruits, with rich, sweet and mealy golden yellow flesh; averages better in size and quality than any other apricot and bears more constantly. Price, each.....35c

BLACKBERRIES

RATHBUN—Very large, good bearer; strength of growth medium; extra fine quality and quite hardy. (See cut.)

SNYDER—Of all blackberries, this is probably the best. It is very hardy, great bearer, immense canes, and fine, sweet berries; no hard core. Berries are not large, just medium size, about 3/4 inch long. We recommend it as

the best all-round berry that we have. The Lawton Blackberry will not stand the winters here.

PRICES OF BLACKBERRIES

Snyder—10c each, 15 for \$1.00, 100 for \$4.00.
Rathbun—10c each, 12 for \$1.00, 100 for \$5.00.

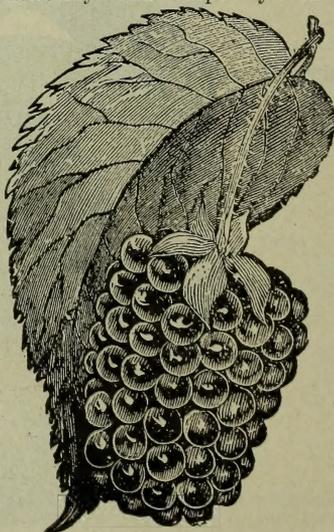

A FEW WORDS OF ADVICE

If you are not sure as to the varieties you should plant, it will be better to leave the selection to us. Our extensive experience over Washington, Oregon, Idaho and Montana enables us to judge better what kinds to plant. Where the selection is left to us, we will try to please you. If you leave the selection to us, be sure to say whether the fruits wanted are for home use or market, and give us a description of your land. If you are sure of the varieties you want, then say whether we may substitute in case we are out of those particular varieties.

We do not grow any poor varieties neither in fruits nor ornamental shrubs. So our customers can rest assured that what we select will give good satisfaction.

LOGANBERRY

LOGANBERRY—A new and very valuable fruit. A cross between the blackberry and raspberry. In size

LOGANBERRY

they look like immense blackberries, with deep red color. Every one should have them; excellent for sauce, pies and canning. Price 10c each, \$6.00 per 100. Two-year, very large, 25c each. (See cut.)

DEWBERRIES

LUCRETIA—This is the best kind; we offer no other. The dewberry is a great bearer of sweet, fine berries resembling blackberries, but are larger and better. They are great money makers. One grower at Green-acres cleared about \$600 per acre from dewberries. Price, 10c each, \$5.00 per 100. Two-year large plants, 15c each, \$10.00 per 100.

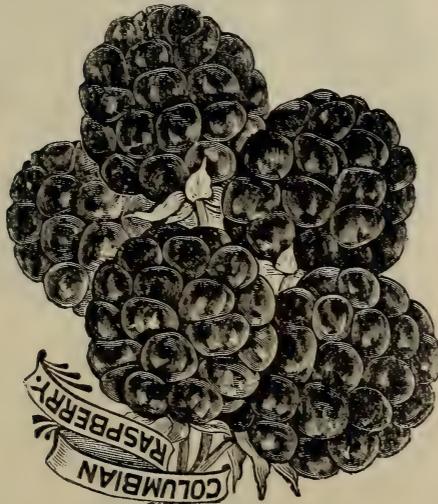

RED RASPBERRIES

CUTHBERT—Red, the old standard. Prices: Each, 5c; per 100, \$4.00.

COLUMBIAN—Red immensely productive and very hardy; berries very large and of high quality; 10c each, \$5.00 per 100.

LOUDON—Another very productive, large and excellent berry, one of the best. We recommend this and the above one as exceptionally fine. Prices: 10c each, \$5.00 per 100.

 ❖ In nine years only four small ❖
 ❖ mistakes in varieties. ❖

BLACKCAP RASPBERRIES

KANSAS—A very hardy and drouth-resisting kind. Berries large, and a great bearer; best quality. The best

all around blackcap, and we offer no other. Prices: 10c each, \$5.00 per 100. Two-year, extra fine, 20c each, \$10.00 per 100.

CURRENTS

FAY'S PROLIFIC—The largest and best red currant,

BLACK VICTORIA—An old famous English variety.

PRICES OF CURRENTS

One year, each.....10c
 Two year, each.....15c
 Extra large.....25c

GOOSEBERRIES

We offer but one gooseberry, the **OREGON CHAMPION**, which seems to be giving satisfaction most everywhere. It is large and fine and a good bearer. Price 15c each, \$12.00 per 100.

STRAWBERRIES

HOOD RIVER—Season early.
GLEN MARY—Season early to late, and a great bearer.

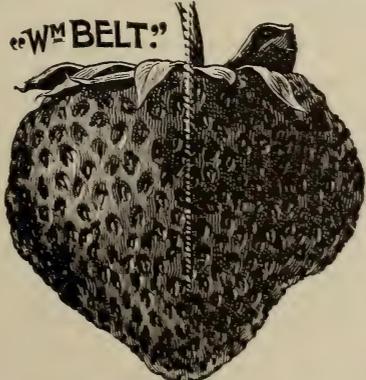

WM. BELT—Season late; extra quality.

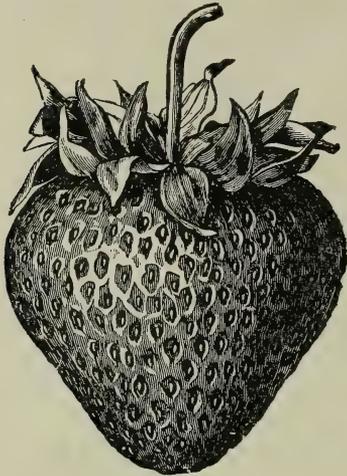

HUNN—A new berry of immense size, very beautiful and good. Every one should try it.

GANDY—Season late. Great market berry.

VAN DEMAN—Season early.

 ❖ The above list of strawberries ❖
 ❖ contains the best varieties we ❖
 ❖ know of, having tried about fifty ❖
 ❖ kinds. We advise planters to try ❖
 ❖ several kinds and from them ❖
 ❖ learn which does the best in their ❖
 ❖ locality. There is such a differ- ❖
 ❖ ence in soils and conditions in ❖
 ❖ this country that a berry may do ❖
 ❖ well in one place and a mile ❖
 ❖ away from there it may be a ❖
 ❖ total failure. ❖

HUNN

Our strawberry plants are grown on the pedigree system. The breeding plants have been selected carefully from the best bearers for several years and we consider them worth twice as much as ordinary plants.

Per 600.....	4.25
Per 700.....	4.50
Per 800.....	5.00
Per 1000.....	6.00

Note—We do not ship strawberry plants before about April 15, for the reason that before that time the plants are small and not well rooted. The plants we send out are two or three times as large and strong as most of the plants from eastern growers.

We have no plants to offer for fall planting. Fall planting seldom gives good results in this climate.

GRAPES

CONCORD—Black; well known everywhere; one of the best.

MOORE'S EARLY—Black, large, early.

DIAMOND—White, fine, sweet, early, prolific.

The above varieties are among the best for this locality.

PRICES OF GRAPES

Two-year, 15c each, 8 for \$1.00, \$10.00 per 100, \$80.00 per 1000.

Our vines are extra fine and have immense roots.

DIAMOND.

Hardy Shade and Ornamental Trees

ASH

ASH (Flowering)—An American species of rapid growth, forming a beautiful tree; its flowers are also quite attractive.

7 ft. to 9 ft., each.....\$1.00 to \$1.50

AMERICAN BEECH—Well known. Small trees about 6 feet high.

each\$.75

9 to 10 feet, each..... 2.00

PURPLE BEECH—Beautiful purple foliage all summer. It makes a fair-sized tree in time and contrasts fine with other trees, especially golden foliage.

Price, 4 to 5 feet, each.....\$2.00

BIRCH

CUT LEAF WEEPING BIRCH—The most beautiful of all weeping trees.

Small trees, 6 feet high, each.....\$1.00

8 feet, each..... 1.50

10 feet, each..... 2.50

EUROPEAN WHITE WEEPING BIRCH—A very rapid growing tree, and seems to do well everywhere; beautiful silvery white bark and after a few years assumes a graceful weeping habit.

Trees 6 feet high, each.....\$.50

8 feet high, each..... 1.00

Extra fine, 10 feet high, each..... 2.00

SEA BUCKTHORN—A small size, compact tree with silvery foliage; bearing profusely small, bright orange-red berries, which hang all winter. Good for poor, sandy soil, and is very hardy. Prices:

3 to 4 ft. each.....\$.50

4 to 5 ft. each..... .75

6 to 7 ft. each..... 1.25

BUTTERNUT

BUTTERNUT—A well-known American tree, similar to the walnut. It makes a fairly rapid growth and bears excellent nuts. Prices:

4 to 5 ft..... .50

5 to 6 ft..... 1.00

6 to 7 ft.....\$1.50

CATALPA SPECIOSA—Hardy or Western Catalpa. A rapid growing tree, with large leaves and large pinnacles of flowers in midsummer. Price:

5 to 6 ft., each.....\$.50

6 to 7 ft., each..... .75

8 to 9 ft., each, heavy, \$1.50 to \$2.00

AMERICAN CHESTNUT—The fine old chestnut that is well known to most Eastern people succeeds well here. They are fairly rapid growers. Price:

3 to 4 ft., each.....\$.50

4 to 5 ft., each..... .75

6 ft., each..... 1.00

CHESTNUT (Spanish)—We have found this to bear better than the American, and it is a more beautiful tree. Price:

2 ft., each.....\$.25

3 to 4 ft., each..... .50

4 to 5 ft., each..... 1.00

BECHTEL DOUBLE ROSE FLOWERING CRAB—A very beautiful ornamental tree, loaded in May with large, flesh-colored double flowers with delightful violet fragrance. The flowers

BECHTEL DOUBLE ROSE FLOWERING CRAB.
1/4 Natural Size.

appear after the leaves are well out and make a beautiful contrast. The tree is very hardy. (See cut.) Prices:

4 ft., each.....\$.50
 6 ft., each.....1.00
 8 ft., each.....1.25

LENDEEN—This is the tree we hear so much about being used in the streets of Berlin, Germany. It is a beautiful tree and makes a splendid shade. The young twigs are deep red in winter.

6 ft., ¾-in. diameter, each.....\$.50
 8 ft. and up, 1¼ to 1½ in. in diameter, each.....\$1.00 to \$2.00

LOCUST

YELLOW OR COMMON LOCUST—

7 ft., each.....\$.50
 8 to 10 ft., each.....1.00
 10 to 12 ft., 2 in. diameter.....2.00
 We have some at \$2.50, 2½ to 3 inches in diameter, and 12 to 15 feet high; are straight and extra fine.

HONEY LOCUST—Beautiful fernlike foliage and very hardy. Do not mistake this tree for the common locust.

4 ft., each.....\$.50
 7 ft., each.....1.00

MOSS LOCUST (Rose Acasia)—Mossy branches with a profusion of delicately colored pink flowers in June, and at intervals during the summer. Very pretty. Price:

4 to 5 ft., each.....50c

MAPLE

BLACK TARTARIAN MAPLE—A medium sized tree. The foliage turns dark red in autumn and is very attractive. Price:

5 to 6 ft., each.....\$.50
 8 to 10 ft., each.....1.00

NORWAY MAPLE—6 ft., each.....\$.50
 8 ft., each.....1.00
 10 ft., each.....1.50

PURPLE LEAVED NORWAY MAPLE (Schwedleri)—Of all forms of the Norway maple, Schwedleri is the most beautiful. Early in the spring the leaves are a deep, rich shining purple, and in summer a dark bronze green.

5 ft., each.....\$.75
 7 ft., each.....1.50
 9 ft., each.....2.00

SOFT MAPLE—Each.....50c to \$1.00

SCARLET MAPLE—This maple is valued for its bright scarlet blossoms in early spring, and the gorgeous autumn coloring of its foliage. When the frosts of autumn strike its foliage it assumes the most beautiful shades of scarlet, crimson, orange, yellow and green. It is not suitable for street planting, for it does not grow large enough.

5 ft., each.....\$.50
 7 to 8 ft., each.....1.00

4 to 5 ft., each.....\$1.50

RUSSIAN MULBERRY—

3 to 4 ft., each......25c
 4 to 5 ft., each......40c
 6 to 7 feet, each......75c

OAK

BUR OAK—A sturdy growing tree with corky bark. Its growth with us is about two feet per year, and it is very hardy.

5 ft., each.....\$.50
 7 ft., each.....1.00

OAK (Scarlet)—This is the best oak we know of for ornament. Its leaves change to a brilliant scarlet in autumn.

5 ft., each.....\$1.00
 7 ft., each.....1.50
 8 ft., each.....2.00

POPLARS

BOLLEANA POPLAR—A beautiful tall tree of upright growth, maple-like leaves, dark green above and pure white on under side.

10 ft., each.....\$1.00

CAROLINA POPLAR—This is the best tree for quick growth, shade and wind break; stands drouth better than any other tree. Prices:

Small sizes, 6 ft., per 100.....\$10.00

7 ft., 1 in. in diameter.....	.25
8 ft., 1¼ in., each.....	.50
10 ft., medium, 1½ in., each.....	.75
10 ft., heavier, each.....	1.00
10 to 12 ft., extra heavy and fine, 1¾ to 2½ inches in diameter, each.....	\$1.25 to \$2.00
LOMBARDY POPLAR—	
8 ft., each.....	\$.50
10 to 12 ft., 1½ in. in diameter, each.....	1.00
SILVER POPLAR—A rapid growing, hardy tree, with beautiful silver foliage.	
6 ft., each.....	\$.50

PRUNUS PISSARDI—Beautiful purple foliage all summer.	
4 ft., each.....	\$.75
6 ft., each.....	1.50
RUSSIAN OLIVE—A small sized tree with silver white branches and foliage. Flowers small, yellow, very abundant in June, and have a most delightful perfume. The fragrance will reach a distance of 100 yards. The foliage being white, contrasts beautifully with other trees. It should be in every garden. Prices:	
3 to 4 ft., each.....	\$.50
4 to 5 ft., each.....	.75
5 to 6 ft., each.....	1.00

TAKE NOTICE

We have generally on hand both larger and smaller trees and shrubs than those quoted in this Catalogue. We sell them at prices in proportion to their size and perfection. If you want such stock, write us, or come to the Nursery and see them.

TULIP TREE—A magnificent tree of the magnolia order, with beautiful tulip-like flowers.
 3 to 4 ft.....\$1.00
 6 to 7 ft.....3.00

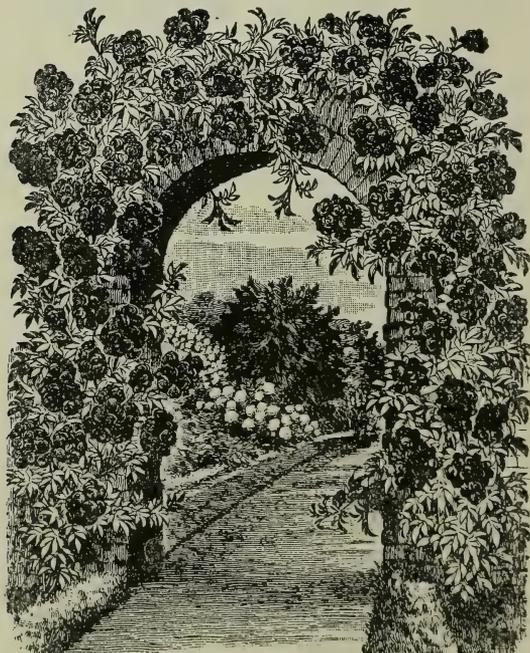

BLACK WALNUT—The well-known American walnut succeeds well here and makes a fairly rapid growth. Prices:
 3 ft., each.....\$.50
 5 ft., each......75
 6 ft., each.....1.00

WILLOW

GOLDEN WILLOW—Beautiful orange and yellow branches in winter.
 6 ft., each.....\$.50
 9 ft., each......75

BLUE WILLOW—The branches in winter are sky blue and it contrasts fine with Golden Willow. Prices same as Rosemary Willow.

GOLDEN WEEPING WILLOW—A

CRIMSON RAMBLER ROSE.

beautiful weeping tree with bright yellow bark.

8 ft., each.....	\$.50
12 ft., each.....	1.00
12 ft., heavy.....	1.50

WISCONSIN WEEPING WILLOW—A very hardy, rapid grower, of large proportions. A magnificent weeping tree for large space. Prices same as Golden Weeping Willow.

ROSEMARY WILLOW — The most beautiful of all Willows.

3 to 4 ft.....	.25c
5 to 6 ft.....	.50c

 Note—All of the above willows do well where there is moisture enough to keep a lawn.

EVERGREENS

 Note—Our evergreens are all sent out with the natural earth on the roots, bound in place by burlap, which makes them nearly as sure to grow as a poplar. One minute of wind or sun on the root of an evergreen will generally prove fatal. This is why so many evergreens fail to grow. Wild ones taken from the woods nearly always fail, for want of fibrous roots. We have sold thousands of evergreens, and seldom hear a complaint of their not growing.

ARBORVITAE COMPACTA—A compact and upright form of Oriental arborvitae. It is a beautiful evergreen. Price:

2 ft., each.....	\$.75
3 ft., each.....	1.00

AMERICAN ARBORVITAE—

1 ft., each.....	\$.25
2 ft., each.....	.50
3 ft., each.....	.75
4 ft., each.....	1.00

ARBORVITAE PYRAMIDALIS—Of upright growth, compact and very attractive; keeps its color well all winter. Prices:

2 ft., each.....	\$1.00
3 ft., each.....	1.50
4 ft., each.....	2.50

SIBERIAN ARBORVITAE—Very compact, of globular shape, deep green. Makes an excellent hedge.

2 ft., each.....	\$1.00
3 ft., heavy, each.....	2.00

LAWSON'S CYPRESS—This is one of the most beautiful of all evergreens; a rapid grower with beautiful feathery foliage, which retains its deep, rich green all winter.

2 ft., each.....	\$1.00
3 ft., each.....	1.25
4 ft., each.....	1.50

CHINESE JUNIPER—Foliage deep green and very pretty. It grows much faster than the Irish Juniper.

2 ft., each.....	\$.75
4 ft., each.....	1.00

ENGLISH JUNIPER—A beautiful, fast-growing, compact, evergreen tree.

4 ft., each.....	\$2.00
5 ft., each.....	3.00

2 ft., each.....	1.00
2½ ft., each.....	1.50
3 ft., each.....	2.00

BLUE JUNIPER—From Japan; steel-blue foliage; slender branches, with drooping habit.

4 ft., each.....	\$1.00
5 ft., each.....	1.50

RED CEDAR—4 ft., each.....\$2.00

5 ft., each.....	3.00
------------------	------

RETINISPORA PLUMOSA—A beautiful dwarf evergreen from Japan, with very fine foliage and compact head. Prices:

2 ft., each.....	\$.75
3 ft., each.....	1.00

NORWAY SPRUCE—3 ft., each...\$1.50

4 ft., each.....	2.00
------------------	------

BLACK SPRUCE—Leaves dark green all the year. Prices:

2 ft., each.....	\$.75
3 ft., each.....	1.00
4 ft., each.....	2.00
5 ft., each.....	3.00

BLUE SPRUCE—The grandest evergreen of the earth; almost as blue as the sky. It grows in all shades from high steel blue to deep green. The high blue colored ones are scarce and expensive. They are very hardy, and stand transplanting well. Prices: Green forms, 1 ft., each.....\$.50
 Green forms, 2 ft., each..... 1.00

Blue Forms

Blue forms, 1 ft., each.....	1.50
Blue forms, 1½ ft., each.....	3.00
Blue forms, 2 ft., each.....	4.00

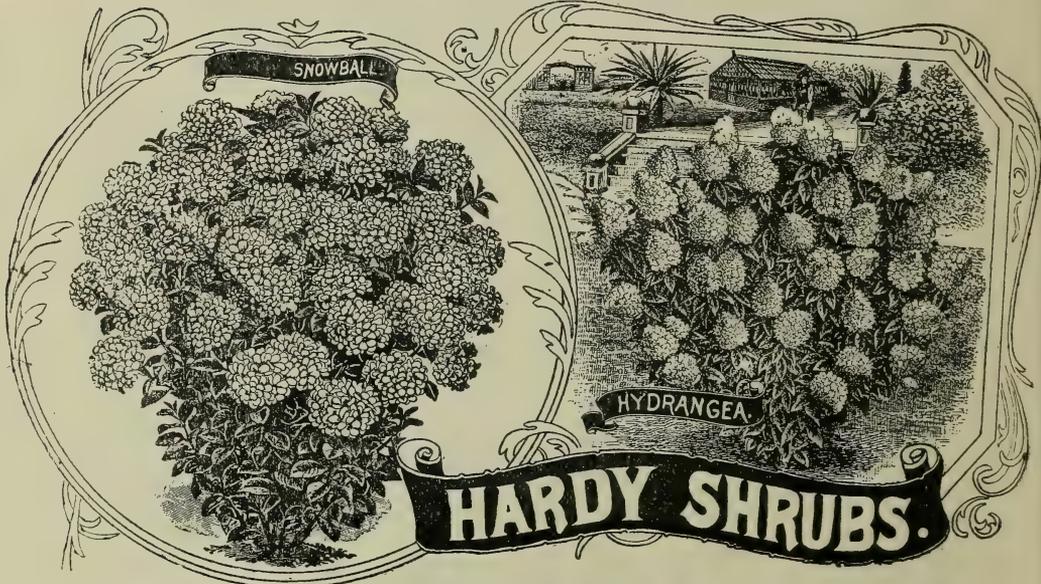

DWARF BOX—A fine dwarf evergreen plant, much used for edging.

1 ft. high, each.....	\$.25
Strong plants for edging:	
Per 100.....	\$15.00
Per 1000, small.....	50.00

MAHONIA AQUIFOLIA—A broad leaved evergreen shrub, with yellow flowers and blue berries. Foliage changes to rich purple and bronze in winter. Fine for the edges of shrubbery groups. It is very hardy and will do well in dry places. It

should be largely planted. It is a dwarf grower, seldom more than three feet high. Price:

Strong plants, 1 ft., each.....\$.25
 Strong plants, 2 ft., each..... .50
 Strong plants, 1 ft., per 100..... 15.00

AMERICAN BARBERRY—Very useful shrubs for ornament and hedge; foliage colors beautiful in autumn and the bright red berries are beautiful in winter.

1 ft., each.....\$.15
 2 ft., each..... .25

SCOTCH BROOM—From the Highlands of Scotland; deep green branches all winter and deep yellow flowers in summer.

3 ft., each.....\$.25
 5 ft., each..... .50
 6 ft., each..... .75

BURNING BUSH—Beautiful in autumn for the color of their foliage and bright red and yellow berries.

2 ft., each.....\$.25
 3 ft., each..... .50
 5 ft., each..... 1.00
 Extra fine specimens..... 2.00

BLADDER SENNA—Yellow pea-shaped

flowers, followed by reddish pods or bladders; unique; blooms all summer.

4 ft., each.....\$.50
 6 ft., each..... 1.00

CORNELIAN CHERRY—Useful for its showy, red berries and bright yellow flowers in early spring.

2 ft., each.....\$.25
 4 ft., each..... .50
 6 ft., each..... 1.00

CORCHORUS—A valuable shrub with green branches, which produce very double orange yellow flowers from July to winter.

3 ft., each.....\$.50
 5 ft., heavy and bushy, each..... 1.00

CRANDEL FLOWERING CURRANT—A new American black currant, ornamental as well as useful, large fruit and productive, very fragrant yellow flowers, foliage turns beautiful red in autumn.

2 ft., each.....\$.25
 4 ft., each, from..... 50c to .75 according to perfection and bushiness of top.

RED FLOWERING CURRANT—Flow-

ers bright red and beautiful leaves, and bush also fine. Price:
 3 ft., each.....\$.50
 4 to 5 ft., each..... 1.00

CALYCANTHUS—Sweet scented wood and flowers; the fragrance is delightful. Price:
 2 to 3 ft., each.....\$.50
 4 ft., each..... 1.00

DEUTZIA, PRIDE OF ROCHESTER and **DOUBLE PINK**—These are old and well known shrubs; very nice.
 2 ft., each.....\$.25
 4 ft., each..... .50
 5 ft., heavy, each..... 1.00

RED DOGWOOD—Valuable for its bright red branches in winter and clusters of white flowers in summer.
 2 ft., each.....\$.35

WHITE FLOWERING DOGWOOD—
 3 ft., each.....\$.50
 5 ft., each..... 1.00

WAX-LEAF ELDER—Very ornamental foliage and great clusters of white flowers.
 3 ft., each.....\$.25
 5 ft., each..... 1.00

GOLDEN ELDER—Beautiful golden foliage all summer.
 3 ft., each.....\$.35
 5 ft., each..... .75

FORSYTHIA—The earliest of all shrubs to flower; bright yellow flowers cover the branches in early spring.
 2 ft., each.....\$.25
 4 ft., each..... .35
 6 ft., each..... .75

GOLDEN HOP—A large growing shrub or small tree, with very bright yellow leaves all summer. It is very attractive.
 2 ft., each.....\$.50
 4 ft., each..... 1.00

HYDRANGEA, P. G.—Very showy panicles of pink flowers in August; very hardy and valuable and sure to bloom the first year. (See cut.)
 1½ ft., each.....\$.25
 2 ft., each..... .50
 3 ft., each..... .75

HIGH BUSH CRANBERRY—A very beautiful, hardy shrub which bears great clusters of bright red berries, fine for jelly; foliage colors beautiful in autumn.

2 ft., each.....	\$.25
3 ft., each.....	.50
4 ft., each.....	.75

TARTARIAN HONEYSUCKLE—Often called Bush Honeysuckle; smothered in May with fragrant pink flowers; succeeds everywhere; fine to group with Spirear Vanhoutti, and makes a beautiful hedge.

Double White Lilac, each.....	.75c to 1.00
Double Purple Lilac, each.....	.75c to 1.00
PRIVET (English) —Largely used for ornamental hedges.	
1 to 2 ft., per 100.....	\$5.00

PURPLE FRINGE—A very ornamental large shrub from Europe. Its dense, fringe-like flowers appear in July and remain for months.

MRS PEARY

2 ft., each.....	\$.25
3 ft., each.....	.35
4 ft., each.....	.50
5 ft., heavy, each.....	.75c to 1.00
1 to 2 ft., for hedge, per 100.....	\$10.00

LILAC

LILACS —White—2 ft., each.....	\$.25
PURPLE —3 ft., each.....	.35
4 ft., each.....	.50
5 to 6 ft extra fine.....	.75c to 1.00

3 ft., each.....	\$.25
4 ft., bushy, each.....	.50
5 to 6 ft., extra fine.....	.75c to 1.00
JAPAN QUINCE —Very bright scarlet flowers early in spring; very fine.	
2 ft., each.....	\$.25
3 ft., each.....	.50

SNOWBERRY—A medium sized shrub which bears in great profusion pretty snow white berries that hang on all

winter; contrasts beautifully with burning bush back of it. Price:
 2 ft., each.....\$.35
 3 ft., each......50

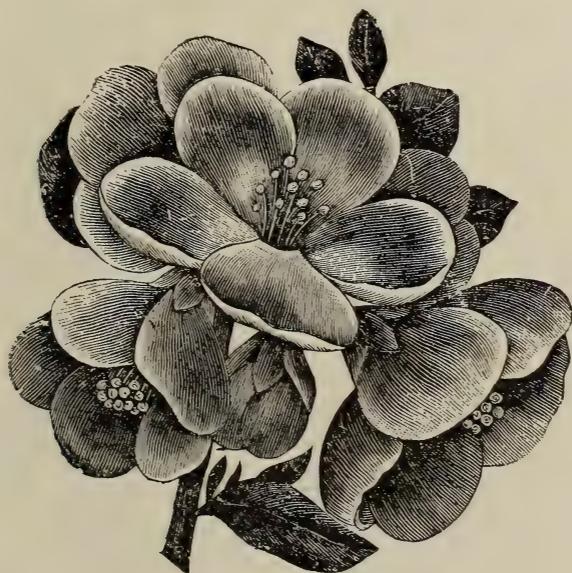

SUMAC

CUT LEAF SUMAC—Beautiful foliage, resembling immense ostrich plumes.
 2 to 3 ft., each.....\$.50
 4 to 5 ft., each..... 1.50

STAGHORN SUMAC—A small tree with large pinnate foliage and bunches of red berries in autumn. Leaves color red after frost.
 4 ft., each.....\$.25
 5 ft., each......50
 7 ft., each..... 1.00

SPIREAR PLUMOSA (or White Bean Leaf Spirear),—Immense pinnacles of beautiful cream-colored flowers, blossoms in July, when most other flowering shrubs are out of bloom. It thrives well everywhere and should be in every garden. Price:
 3 to 4 ft., each.....\$.50
 4 to 5 ft., each..... 1.00

SPIREAR VANHOUTTI—The best spirear in cultivation; when in bloom looks like a bank of snow; gives a lovely effect when planted in groups with Tartarian Bush Honeysuckle at the back of it, contrasting the pink and white flowers.

JAPAN QUINCE—Red Flowered

SYRINGA (Grandiflora)—From Japan; much larger and finer than our native kind.
 3 ft., each.....\$.35
 4 ft., each......50
 5 ft., extra, each..... 1.00

SNOWBALL—2 ft., each.....\$.35
 3 ft., each......50
 4 ft., each.....75c to 1.00

DOUBLE FLOWERED SYRINGA—Like other syringas, but has beautiful white double flowers. Price:
 3 to 4 ft., each.....\$.50

PAEONIAS —Three varieties: white, red and pink, each.....		\$.30
Four for.....		1.00

 * In this list of trees and shrubs, *
 * where there is a difference in, *
 * price, it is for different sizes and *
 * qualities. The highest are gen- *
 * erally for fine, large, perfect *
 * specimens, but all are good and *
 * will be found much better than *
 * Eastern stock. *

WIGELIA ROSEA

NOTE--Where extra fine specimens of trees and plants are selected, they will be subject to special prices.

ROSES

HARLY, HYBRID, PERPETUAL AND OTHERS

Our roses are much superior and not to be compared with the small, weak greenhouse pot plants sent all over the country at fabulously low prices. Such roses are dear at any price.

Our smallest roses at 20 cents each are larger and much better than the so-called 2-year-old roses sent out by greenhouses at 30 to 40 cents each.

All of our roses are on their own roots and outdoor grown. They are accustomed to "root" for a living and are climated to this country.

We advise our customers to plant the largest sizes, for they will generally give an abundance of bloom the first summer, and are always better.

VARIETIES OF ROSES

The following list contains the best,

selected from over 300 kinds which we have tested. They are the gems of hardy roses.

PRICES OF ROSES

First size, A1, each.....	\$.40
3 for	1.00
Second size, each.....	.30
4 for	1.00
Third size, each.....	.20

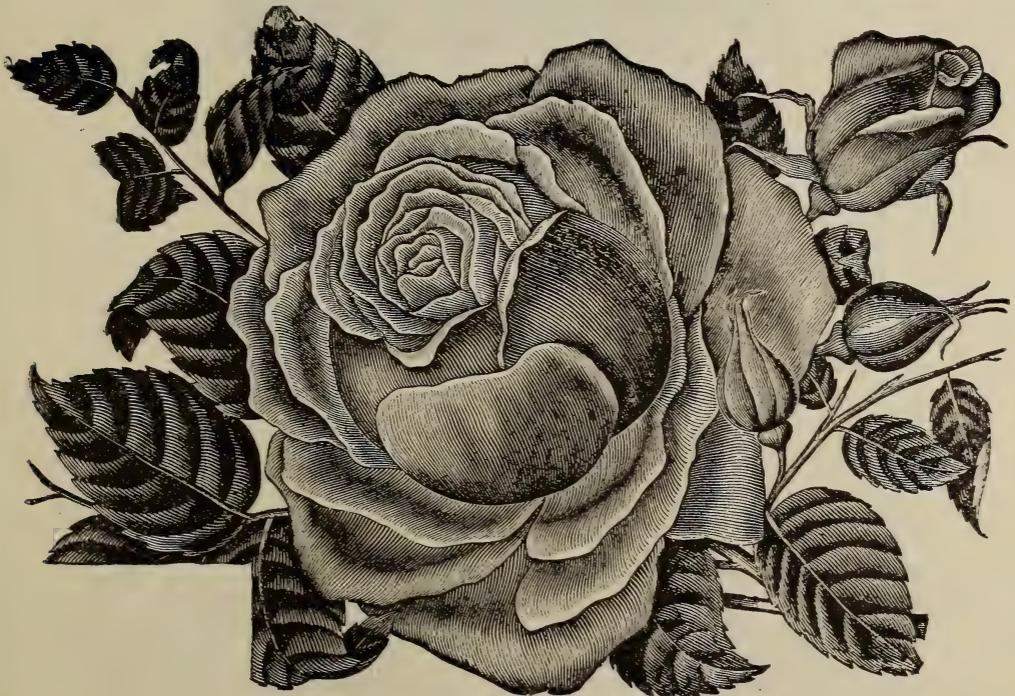

All the roses in the following list are perpetual bloomers except Pink Moss and Crimson Rambler.

VARIETIES OF ROSES

BABY RAMBLER—Flowers much like Crimson Rambler, bright red; bush dwarf and compact, and blooms continuously throughout the season. It is fine; don't miss it.

CAROLINE TESTOUT—Blooms all the time, very large flowers, deep shell pink.

GENERAL JACQUEMINOT—Bright crimson scarlet; probably the most popular hardy rose.

ULRICH BRUNER

LA FRANCE

KAISERINE AUGUSTA VICTORIA—A beautiful rose with elegant, large pointed buds and very large, full double flowers. Color pure ivory white.

LA FRANCE—Beautiful peach blossom color, immense buds, very fragrant. (See cut.)

 * Notice—We have in stock a *
 * few extra large 3-year-old roses *
 * of the following kinds at 75c to *
 * \$1 each: General Jacqueminot, *
 * Mrs. Peary, Crimson Rambler, *
 * Paul Nyrton, Ulrich Bruner and a *
 * few others. They have splendid *
 * roots and will give plenty of *
 * bloom the first year. *

MARSHAL P. WILDER—Very double, rich scarlet crimson; nearly always in bloom.

PAUL NEYRON—Probably the largest rose in cultivation; shell pink.

PRINCE DE ROHAN—Rich scarlet maroon, very fine.

PINK MOSS—Large, very double pink flowers.

ULRICH BRUNER—Bright rosy red superb buds; none better. (See cut.)

VISCOUNTESS FOLKSTONE—Exquisite creamy pink color; beautiful buds, excellent.

VIRGINIA R. COX—Color fiery crimson, with a dark velvety sheen, very fragrant. The freest blooming rose in existence. The mass of color produced is wonderful, and the handsome foliage adds materially to its beauty as a bedding rose. A queen among garden roses.

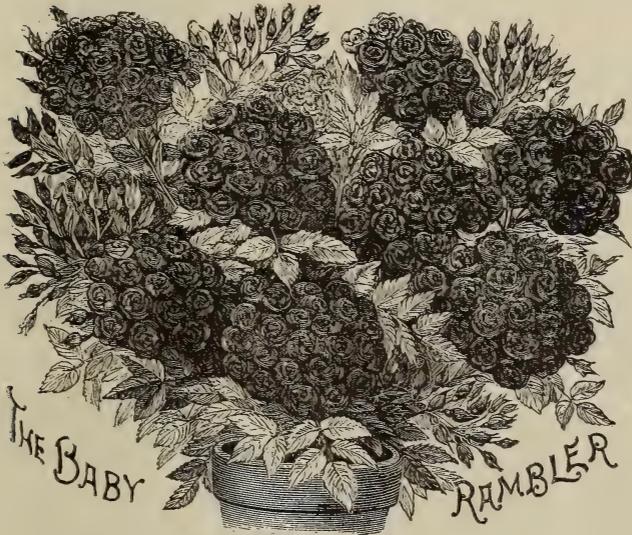

WINNIE DAVIS—A fine new American pedigree rose, raised by a cross between the famous Kaiserine Augusta Victoria and Belle Siebrecht. Color rich apricot pink, shaded to flesh at base of petals. Beautifully formed buds and flowers.

CLIMBING ROSES

CRIMSON RAMBLER—The most gorgeous of all climbers, bright scarlet, in clusters. (See cut.)

MRS. PEARY—Immense white buds and beautiful flowers, equal to hot-house roses; the grandest white rose yet produced. (See cut.)
Price, each 50c

* Note—We have generally on *
* hand a few extra fine specimens *
* of many kinds of trees and shrubs *
* which are subject to special prices *
* and are not governed by the *
* prices in this list. *

Evergreen State Fruit Co., P. O. Spokane.

The Evergreen State Fruit Co.'s orchards are among the largest in the Northwest, and the company buys of us largely every year. Just ask them what they think of our stock.

TESTIMONIALS

Wilson Creek, Wash.

R. A. Jones, Spokane, Wash.

The trees I got of you last spring did fine; made a good growth and never lost but five trees out of 115.

Yours, truly,

JOHN LINEBAUGH.

White, Idaho, January 29, 1906.

R. A. Jones, Spokane, Wash.

Dear Sir: Will you please send me a new catalogue of fruit trees, as I have lost my old one. The trees I got from you last spring did the best of any trees I ever saw planted the first year, so I am going to order some more this spring.

Respectfully,

CHARLEY E. OLESON.

Leahy, Wash., January 3, 1906.

R. A. Jones, Spokane, Wash.

Dear Sir: Will you please send me your prices on one and two year old fruit and shade trees? My mother, Mrs. McCanna, planted a lot of your trees here last spring which are doing well. Only five in the lot died.

Yours respectfully,

T. J. McCANNA.

Spokane, Wash., February 5, 1907.

Mr. R. A. Jones, Riverside Nursery, Spokane.

Three years ago I bought from you 1000 3-year-old apple trees. These were set out on my ranch at Greenacres, and all lived and flourished. They are strong, thriving, hearty trees, and I am glad that I bought the 3-year-old rather than a younger tree.

I believe it would not have been possible to set out apple trees which would have been more successful than these.

Very truly yours,

F. W. DEWART.

Deer Park, Wash., October 20, 1907.

R. A. Jones, Hillyard, Wash.

Dear Sir: I write you to let you know that out of the 850 trees I received from you last spring I only lost 10 trees and the rest made a fine growth and are nice trees. I got a shipment of trees from Galbraith Nurseries of Fairbury, Neb., and they were condemned by the inspector here at Deer Park and I have as yet been unable to get anything out of them

Yours very truly,

HENRY ROBERTS.

Sandpoint, Idaho, May 11, 1906.

R. A. Jones, Spokane, Wash.

Dear Sir: I have received the fruit trees in good order and am well satisfied with the trees.

Yours truly,

MATH. SCHWENK.

Palouse, Wash., November 24, 1908.

R. A. Jones, Riverside Nurseries, Spokane, Wash.

Dear Sir: My bill of trees are at hand and all O. K. Must say they are positively without exception the finest lot of trees I ever saw.

Yours truly,

FRED R. VOWELL.

Orient, Wash., April 16, 1906.

R. A. Jones, Spokane, Wash.

Dear Sir: I received the trees in good order. The trees are looking good, and I will get some more next spring.

Yours truly,

L. LARSEN.

Ellensburg, Wash., April 15, 1906.

R. A. Jones, Spokane, Wash.

Sir: I received the trees yesterday morning in good shape and Mr. Maxey, the fruit inspector, examined them and pronounced them all O. K. and said they were the finest lot of trees ever sent to this valley. I am well pleased with them. I will start to setting them out tomorrow. I expect to order as many more next year. Enclosed find draft for \$20.70, for which give me credit and send me a receipt in full and oblige

W. J. PEED.

R. F. D. No. 1, Hayford, March 30, 1906.

R. A. Jones, Riverside Nursery, Hillyard.

Dear Sir: My trees came to hand yesterday all in fine condition except the four wild plums; these have not been sent. Please forward as soon as possible, also my account, duly received, and oblige.

I have had considerable experience with fruit trees, and I have never seen better stock or finer roots anywhere. I shall certainly order further supplies from you next spring. I am highly pleased with the trees you have sent me, and they were packed perfectly and arrived in grand condition.

Yours faithfully,

F. D. PHILLIPS.

Reardan, Wash., April 23, 1908.

R. A. Jones, Spokane, Wash.

Dear Sir: I received your consignment of shrubs and plants today. They were in fine shape and we will plant them soon. The paeonias were very nice.

MRS. FLORA HARTMAN.

Cheney, Wash., May 11, 1908.

R. A. Jones, Spokane, Wash.

Dear Sir: I set out, last fall, twenty-five of your pear trees, twenty-five cherry and six plum trees. Every one of these trees are looking fine.

Yours,

H. R. RIST.

Spokane, Wash., April 13, 1908.

R. A. Jones, Riverside Nursery, R. D. 1, Hillyard, Wash.

Dear Sir: I thank you for your prompt delivery and am very much pleased with the stock. It was all in splendid condition.

Yours truly,

F. P. GREENE.

Crescent, Wash., May 1, 1909.

R. A. Jones, Spokane, Wash.

Dear Sir: The package of trees, etc., you shipped on April 21 finally reached me on the 29th, eight days on the road, but had been so well packed that they were still in good condition. Respectfully,

E. E. EMERY.

Wapato, Wash., Dec. 1, 1908.

R. A. Jones, Spokane, Wash.

Dear Sir: Your lot of dewberries received all O. K., and I found them to be the finest and best rooted plants I ever saw; also the fruit trees I received from your nursery last spring were equally as good, as they made wonderful growth, some as high as five feet, and all alive and thriving fine. I have recommended your nursery stock to my neighbors. Many thanks for the good stock I have received from you

M. D. MONTGOMERY.

Stevensville, Mont., Feb. 6.

R. A. Jones, Spokane, Wash.

Dear Sir: As I expect to get about 100 cherry trees—the Bing—and some McIntosh Red apples, I wish to get your price list before I make my selection. I got trees from your place three or four years ago, and they were fine trees. Please send me prices of sweet cherry trees.

Respectfully,

CHARLES FOUST.

Weippe, Idaho, April 26, 1908.

R. A. Jones, Spokane, Wash.

Dear Sir: We received trees all right and in good order. Also the money you sent back. Thank you, and much obliged.

EVA YANTZIS.

Mica, Wash., Feb. 24, 1909.

Mr. Jones, Hillyard, Wash.

Dear Sir: I bought a bill of trees of you last year and they were very satisfactory, indeed. I want more this spring. Will you kindly send me your catalogue and oblige me?

Very respectfully yours,

E. W. DOBSON.

Woodland, Idaho, Feb. 9, 1910.

Riverside Nursery, Spokane, R. A. Jones, Prop.

Dear Sir: Please send me your catalogue and prices, as I will want some of your trees. Some years ago I got some of your trees, and they were the best I ever saw and are doing fine.

Yours truly,

J. L. JOHNSON.

Pullman, Wash., March 15, 1909.

R. A. Jones, Spokane, Wash.

Send me your catalog. Last year we proved the truth of your advertisement in the Review. We bought about two dozen trees and shrubs and every one grew.

Very respectfully,

MRS. G. H. McCROSKEY.

Medimont, Idaho, April 17, 1909.

R. A. Jones, Hillyard, Wash.

Dear Sir: Trees arrived in good condition. They have fine roots, and are better than any others I have seen delivered here.

Yours truly,

JOEL JOHNSON.

Libby, Mont., May 3, 1909.

R. A. Jones, Spokane, Wash.

Dear Sir: The order of trees received a few days ago in the very best of condition, and I am more than pleased with the quality of the stock. Such nice straight trees, with such roots, cannot be improved upon; and also I wish to thank you for your extreme care in packing. I shall want more nursery stock from time to time, and you can count on my future orders.

I remain respectfully yours,

EDWIN C. CHAPMAN.

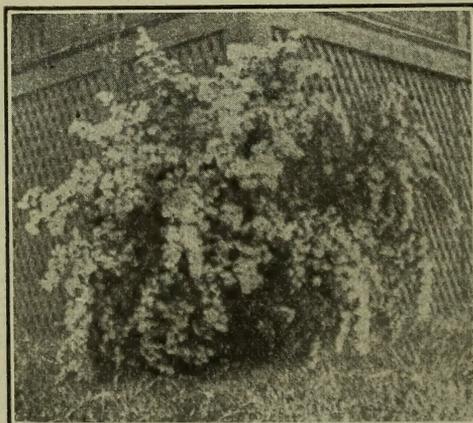

Clagstone, Idaho, June 15, 1908.

R. A. Jones, Spokane, Wash.

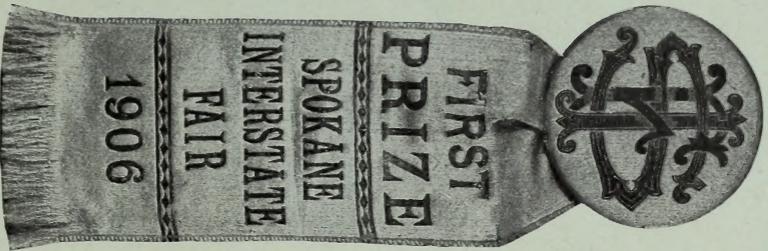

Dear Sir: Those 109 Tartarian Honeysuckles we got from you two years ago are all alive and simply glorious this spring.

Yours very truly,

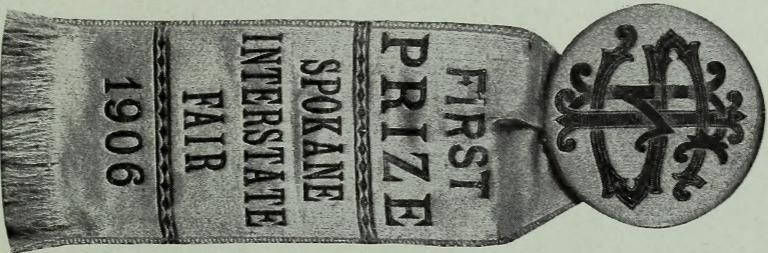

PAUL CLAGSTONE.

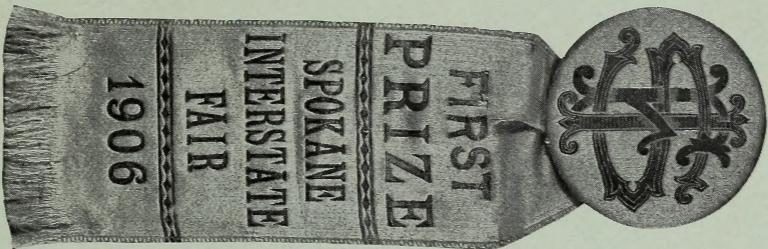

SPIREAR VANHOUTTI

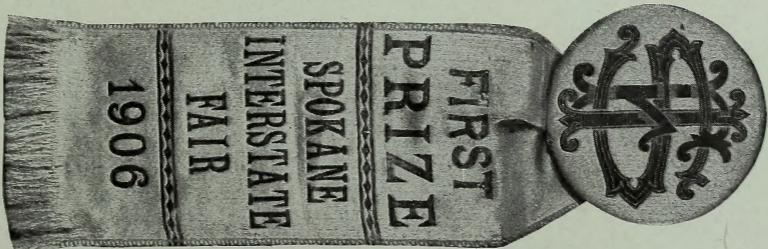

For Best General Display of
Green Fruit.

For Best Display of Fruit from
Upland Districts.

For Best Individual Exhibit

For Best Taste, Design and Ar-
rangement of Exhibit.

Our exhibit at the Spokane Interstate Fair, September 1906, won the above four first prizes, being first in every entry. All of it was produced by the Riverside Nursery six miles from Spokane. Our exhibit at that time was popularly known as the winner of the four blue ribbons. Again we carried away the two most coveted prizes at the Spokane Interstate Fair, September, 1907. Also in September, 1909, we won three of the most valuable blue ribbons.

The above Gold Medal was awarded to us by the Lewis and Clark Exposition at Portland, Oregon, in 1905 for best Peaches. These Peaches were grown by the Riverside Nursery, six miles from Spokane.
